

RTC2701A	FOLLOW OHS PROCEDURES		
Number	RTC2701A	AQF Level	2

Purpose

This competency standard covers the process of following enterprise Occupational Health and Safety (OHS) policies and procedures. It requires the ability to comply with workplace procedures in hazard identification and risk control, observe safe practices during work operations, and participate in arrangements for maintaining health and safety of all people in the workplace. Following OHS policies and procedures requires knowledge of employee and employer responsibilities under the OHS Act, enterprise procedures relating to hazards, fires, emergencies, accidents and risk control, and OHS signs and symbols relevant to area

MAPPING		
<i>The mapping information below details the relationship between the Competency Elements and the Learning Objects</i>		
Hazards in the workplace are recognised and reported to designated personnel according to enterprise procedures.		
Competency Reference	RTC2701A/01.1	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
Assessment of risk associated with identified hazards is made in accordance with enterprise procedures.		
Competency Reference	RTC2701A/01.2	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
Workplace procedures and work instructions for controlling risks are followed accurately.		
Competency Reference	RTC2701A/01.3	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Workplace procedures for dealing with accidents, fire and emergencies are followed whenever necessary within the scope of responsibilities and competencies.		
Competency Reference	RTC2701A/01.4	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Risks to fellow workers, other people and animals are recognised, and action is taken to eliminate or reduce them.		
Competency Reference	RTC2701A/01.5	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
Employee responsibilities prescribed in OHS legislation are recognised and carried out.		
Competency Reference	RTC2701A/01.6	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Safety training is undertaken as directed.		
Competency Reference	RTC2701A/01.7	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Work for which protective clothing or equipment is required is identified and personal protection equipment is used, maintained and stored in accordance with enterprise procedures.		
Competency Reference	RTC2701A/02.1	
Related Learning Object	OHS in the Shearing Industry	Object No. 4

Basic safety checks on all machinery and equipment are undertaken before operation according to enterprise procedures.		
Competency Reference	RTC2701A/02.2	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Hazards associated with handling of hazardous substances are identified and notified, and risk assessed in accordance with enterprise procedures and OHS requirements.		
Competency Reference	RTC2701A/02.3	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
Noise hazards are identified and notified, and risk assessed in accordance with enterprise procedures and OHS requirements		
Competency Reference	RTC2701A/02.4	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
Manual handling job risks are assessed prior to activity and work carried out according to currently recommended safe practice.		
Competency Reference	RTC2701A/02.5	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
Information on OHS is accessed as required.		
Competency Reference	RTC2701A/02.6	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Individuals have input into on going monitoring and reporting on all aspects of workplace safety.		
Competency Reference	RTC2701A/03.1	
Related Learning Object	Risk Assessment and Control in the Shearing Shed	Object No. 5
OHS issues are raised with designated personnel in accordance with enterprise procedures and relevant OHS legislation.		
Competency Reference	RTC2701A/03.2	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Contributions to participative arrangements in the workplace are made within organisational procedures and scope of responsibilities and competencies.		
Competency Reference	RTC2701A/03.3	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
Contributions are provided towards the development of effective solutions to control the level of risk associated with enterprise activities.		
Competency Reference	RTC2701A/03.4	
Related Learning Object	OHS in the Shearing Industry	Object No. 4
